Alcohol Program's (WRAP)
2020 Corporate Guide
to Safe Celebrating
and Safe Driving

Sponsored by
GEICO®

Table of Contents

Impaired driving is a serious problem both nationally as well as locally in the Washington-metropolitan area where the tragic effects are seen on a daily basis. Communities pay both a human and economic toll for impaired driving and therefore should take the lead in solving this problem. Community partnerships are essential to making effective the combination of public information, education, advocacy and law enforcement. Employers are key partners in the battle to keep the Greater Washington roads safe. Use WRAP's guide as a resource to stay safe during the holidays and throughout the year.

Washington Regional Alcohol Program

Founded in 1982, the nonprofit [501(c)(3)] Washington Regional Alcohol Program (WRAP) is a coalition of diverse interests using effective education, innovative programs and targeted advocacy to end alcohol-impaired driving and underage drinking in the Washington, DC metro area. Through public education, innovative health education programs and advocacy, WRAP is credited with keeping the metro-Washington area's alcohol-related traffic deaths historically lower than the national average. WRAP, however, may best be known to area residents via the organization's popular free safe ride service for would-be drunk drivers, **SoberRide®**.

Community Programs and Initiatives

The nonprofit Washington Regional Alcohol Program (WRAP) offers a vast array of services to fight impaired driving in the Washington-metropolitan area. The following are some of the programs and services we provide.

SoberRide® (www.soberride.com)

WRAP's SoberRide®, one of the nation's most successful free safe ride programs for would-be impaired drivers, has helped to ensure that Washington-metropolitan area residents have a safe way home on high-risk holidays. Since 1991 alone, over 80,000 safe rides home have been provided to would-be drunk drivers.

Currently, SoberRide® operates during the December/January holiday season, St. Patrick's Day, Cinco de Mayo, Independence Day and Halloween. Visit **www.SoberRide.com** for details and running times. (SoberRide® is a registered trademark of the nonprofit Washington Regional Alcohol Program)

Safe And Vital Employees (SAVE)

This business/military outreach program brings traffic safety right into the workplace. Through SAVE, WRAP talks directly to employees and military personnel about the physical, economic and legal consequences of impaired driving. Additionally, WRAP provides guidelines for safe celebrating and the reduction of alcohol-induced risky behaviors.

The goal of the program is to keep employees and military personnel safe, healthy and productive while helping to reduce health insurance, workers' compensation costs and other related expenses. To help capture the attention of the employees and add credibility to the effort, WRAP works closely with area police departments and drunk driving victims.

To arrange this no-cost, 45-minute, individually customized program, please contact WRAP at (703) 893-0461.

*For a more detailed listing of our programs, please visit our web site at **www.wrap.org**.*

High Costs to Businesses

Employers lose billions of dollars annually as a result of on and off the job motor vehicle injuries. This accounts for:

- Lost work time
- Insurance premium increases
- Workers compensation payments
- Lost productivity
- Administrative burdens
- Lowered employee morale
- Loss of a trained, trusted employee

Many of these injuries occur as a result of impaired driving, and much of this cost could be prevented by the ability to recognize on-the-job warning signs of alcohol and drug abuse. It is important to remember that while these signs can indicate potential substance abuse, they are also indicative of other problems and do not constitute a definite diagnosis.

- Inconsistent work quality
- Poor concentration
- Lowered productivity
- Increased absenteeism
- Unexplained disappearances from the job site
- Carelessness, mistakes
- Errors in judgment
- Needless risk-taking
- Disregard for safety
- Regular injuries and accidents on the job
- Extended lunch periods and early departures
- Fatigue
- Frequent financial problems
- Red and glazed eyes

Information provided by American Academy of Child and Adolescent Psychiatry.

Taking a Stand

Your company can save money and make a difference by taking a stand against impaired driving.

- Host WRAP's Safe And Vital Employees Program (see page 3) during a brown bag lunch to inform and educate employees on drunk driving laws and consequences.
- Place check-stuffers in paycheck envelopes containing various elements of the drunk driving information outlined in this guide or contact WRAP for SoberRide® materials.
- Provide support and funding to local police departments for their efforts to reduce drunk driving (i.e. sponsor a sobriety checkpoint).
- Create an awards program which recognizes employees for their efforts in promoting safe and responsible driving.
- Send a memo to employees explaining the impaired driving legislation being introduced this year, and encourage them to contact their local elected officials to show their support.

Please feel free to contact WRAP at (703) 893-0461 for further suggestions.

Vehicle: Mandatory ignition interlock; possible vehicle seizure.
Same as 3rd offense except jail: Up to ten years. (Eff. 10/1/19)	Fine: \$1,000 to \$2,500. Jail: Minimum 1 year. Vehicle: Can be seized & forfeited. Revoke License: Indefinitely Mandatory ignition interlock.
First offense: Fine up to \$5,000. Jail: Up to one year.	Fine: Up to \$2,500 and/or up to 1 year in jail. Drivers License Suspension: Up to one-year for purchasing for underage.

Impaired Driving Fact Sheet

- In the United States in 2018, 10,511 people died in alcohol-impaired traffic crashes.
- On average, one person dies in an alcohol-related traffic crash every 50 minutes.
- Drivers with a BAC level of .08 or higher involved in fatal crashes were 4.5 times more likely to have a prior conviction for driving while impaired.
- The highest intoxication rates (.08+) in fatal crashes in 2018 were recorded for drivers 21-24 (27%) and 25-34 years old (25%) followed by ages 35-44 (21%).
- Alcohol is the single largest cause of fatal crashes. Alcohol related fatalities accounted for 29% of all highway fatalities in 2018.
- 25% of motorcycle riders involved in fatal crashes had a BAC level of .08 g/dL or higher.

Information provided by National Highway Traffic Safety Administration

A High Price to Pay

In addition to the legal consequences of a DUI/DWI arrest, it will cost you personally, professionally and economically.

- You will pay \$5,000-\$20,000 for attorney fees, insurance rate increases, fines, towing, court costs and bonding fees.
(Information provided by Virginia's Thomas Jefferson Area Crisis Intervention Team)
- An average DUI/DWI arrest is financially equivalent to:
 - A down payment on a house
 - A trip to Europe for two
 - 1,818 movie tickets
 - 200 romantic dinners for two
 - 8,000 cups of coffee
- When filling out a job application, you must say "YES" you have been convicted of a crime.
- Nine out of ten insurance companies will cancel your policy forcing you to find a high-risk insurance company, which increases your premiums by \$1,000-\$1,500 a year.
- While a DUI/DWI can be removed from your driving record, it stays on your criminal record for life.

Tips for Safe Celebrating

- Always serve food with alcohol. High protein foods like meats and cheeses are especially good. They stay in the stomach longer, which slows the rate at which the body absorbs alcohol.
- If you serve an alcoholic punch, use a non-carbonated base such as fruit juice. The body absorbs alcohol faster when mixed with carbonation.
- Serve non-alcoholic beverages as an option. It is possible that some of your guests may not want to drink alcohol.
- Establish guidelines such as:
 - designating a bartender (don't let guests mix their own drinks)
 - not serving anyone who appears to be impaired
 - never serving minors
 - closing the bar at least an hour before the end of the event
 - offering free rides or cab fare to those who have had too much to drink
- Implement a theme to your party so alcohol does not become the single focal point
 - play non-drinking games to entertain your guests
- Happy Hour
 - always designate a driver
 - use alternative transportation
 - set a limit of drinks you will consume
 - never drink on an empty stomach
