

The Washington Regional
Alcohol Program's (WRAP)

2024-2025 CORPORATE GUIDE

to Safe Celebrating
and Safe Driving

Impaired driving is a grave problem both nationally as well as locally in the Washington-metropolitan area where the tragic effects are seen on a daily basis. Communities pay both a human and economic toll for impaired driving and therefore should take the lead in solving this problem. Community partnerships are essential to making a difference, from the combination of public information, education, advocacy and law enforcement. Motor vehicle accidents are the leading cause of workplace fatalities in the United States (National Safety Council), making employers key partners in the battle to keep the Greater Washington roads safe. Use WRAP's Corporate Guide as a resource to stay safe during both holiday periods and throughout the year.

Washington Regional Alcohol Program (WRAP)

Founded in 1982, the nonprofit [501(c)(3)] Washington Regional Alcohol Program (WRAP) is a coalition of diverse interests using effective education, innovative programs and targeted advocacy to end alcohol-impaired driving and underage drinking in the Washington, DC metro area. Through public education, innovative health education programs and advocacy, WRAP is credited with keeping the metro-Washington area's alcohol-related traffic deaths historically lower than the national average. WRAP, however, may best be known to area residents via the organization's popular free safe ride service for would-be drunk drivers, SoberRide®.

Community Programs and Initiatives

The nonprofit Washington Regional Alcohol Program (WRAP) offers a vast array of services to fight impaired driving in the Washington-metropolitan area. The following are just two of the programs and services that we provide.

SoberRide

WRAP's SoberRide®, one of the nation's most successful free safe ride programs to prevent drunk driving, has helped to ensure that Washington-metropolitan area residents have a safe way home on high-risk holidays. Since 1991 alone, over 90,000 safe rides home have been provided to would-be drunk drivers.

Currently, SoberRide® operates during the December/January holiday season, St. Patrick's Day, Cinco de Mayo, Independence Day and Halloween. Visit www.SoberRide.com for details and running times. (SoberRide® is a registered trademark of the nonprofit Washington Regional Alcohol Program).

Safe and Vital Employees (SAVE)

This business/military outreach program brings traffic safety right into the workplace. Through SAVE, WRAP talks directly to employees and military personnel about the physical, economic and legal consequences of impaired driving. Additionally, WRAP provides guidelines for safe celebrating and the reduction of alcohol-induced risky behaviors.

The purpose of this program is to keep employees and military personnel safe, healthy and productive while helping to reduce insurance, workers' compensation costs and other related expenses. To help capture the attention of the employees and add credibility to the effort, WRAP works closely with area police departments and drunk driving victims.

To arrange this no-cost, 45-minute, individually customized program, please contact WRAP at (703) 893-0461.

For a more detailed listing of our programs, please visit our website at www.wrap.org.

High Costs to Businesses

Employers lose billions of dollars annually as a result of on and off the job motor vehicle injuries. Such accounts for:

- Lost work time
- Insurance premium increases
- Workers compensation payments
- Lost productivity
- Administrative burdens
- Lowered employee morale
- Loss of a trained, trusted employee

Information provided by American Academy of Child and Adolescent Psychiatry.

Many of these injuries occur as a result of impaired driving, and much of this cost could be prevented by the ability to recognize on-the-job warning signs of alcohol and drug abuse. It is important to remember that while these signs can indicate potential substance abuse, they are also indicative of other problems and do not constitute a definite diagnosis.

- Inconsistent work quality
- Poor concentration
- Lowered productivity
- Increased absenteeism
- Unexplained disappearances from the job site
- Carelessness, mistakes
- Errors in judgement
- Needless risk-taking
- Disregard for safety
- Regular injuries and accidents on the job
- Extended lunch periods and early departures
- Fatigue
- Frequent financial problems
- Red and glazed eyes

Information provided by American Academy of Child and Adolescent Psychiatry.

Local Drunk Driving Laws and Consequences

Laws	District of Columbia	Maryland	Virginia
Adults Who Aid Under 21 years old in Obtaining Alcohol	Fine: \$1,000 Revoke License: Up to 180 days.	First offense: Fine up to \$5,000 Jail: Up to one year.	Fine: Up to \$2,500 and/or up to 1 year in jail. Drivers License Suspension: Up to one-year for purchasing for underage.

Impaired Driving Fact Sheet

- In the United States in 2022, 13,524 people died in alcohol-impaired traffic crashes.
- On average, one person dies in an alcohol-related traffic crash every 39 minutes.
- Drivers with a BAC level of .08 or higher involved in fatal crashes were 4 times more likely to have a prior conviction for driving while impaired. (2021)
- The highest intoxication rates (.08+) in fatal crashes in 2022 were recorded for drivers 21-24.
- Alcohol is the single largest cause of fatal crashes. Alcohol related fatalities accounted for 32% of all highway fatalities in 2022.
- 29% of motorcycle riders involved in fatal crashes had a BAC level of .08 g/dL or higher. (2022)

Information provided by National Highway Traffic Safety Administration

A Higher Price to Pay

In addition to the legal consequences of a DUI/DWI arrest, it will cost you personally, professionally and economically.

- You will pay \$5,000-\$20,000 for attorney fees, insurance rate increases, fines, towing, court costs and bonding fees.
- An average DUI/DWI arrest is financially equivalent to:
 - A down payment on a house
 - A trip to Europe for two
 - 1,818 movie tickets
 - 200 dinners for two
 - 8,000 cups of coffee

- When filling out a job application, you must say "YES" you have been convicted of a crime.
- Nine out of ten insurance companies will cancel your policy forcing you to find a high-risk insurance company, which increases your premiums by \$1,000-\$1,500 a year.
- While a DUI/DWI can be removed from your driving record, it stays on your criminal record for life.
